

## FUELING OUR ENERGY FUTURE WITH NATURAL GAS

Natural gas is fueling our energy future by driving economic growth, strengthening communities, and helping families thrive now, and for generations to come.

### Did you know?

Natural gas is 3.5 times more affordable than electricity.

Natural gas is viewed by 75% of adults as the most reliable way to heat their homes and cook meals.

Using natural gas directly is 2.4 times more energy efficient than generating electricity for use in homes and businesses.

## BE CAREFUL AROUND PIPELINE RIGHTS OF WAY

Yellow warning markers indicate the approximate route of larger pipelines and how to contact the operator. The right of way must always be kept clear so that the line can be visually inspected and quickly repaired. Obstructions must be kept off the right of way. State law requires you to call 811 at least two working days before digging to have pipelines or other utilities marked.
