Important Messages from Your Natural Gas Company

BE CAREFUL AROUND PIPELINE RIGHTS OF WAY

Yellow warning markers indicate the approximate route of larger pipelines and how to contact the operator. The right of way for a pipeline must always be kept clear, so that the line can be visually inspected and quickly repaired. Obstructions, such as buildings, cars and debris, must be kept off the right of way. State law requires you to call 811 at least two working days before digging to have pipelines or other utilities marked.
