DEFINITIONS

CCF - Amount of gas and water which goes through the meter, measured in 100 cubic feet. For water and sewer, 1 CCF is approximately 750 gallons.

cr - Indicates a credit.

Therm (THRM) Used - Energy value of the gas used

Conversion - Used to convert the metered consumption to calculated charges for billing purposes (for example CCF to Therms)

Gas Charges - Includes cost of gas used, maintaining a safe and dependable distribution system, meter reading, billing and various customer services.

Bill Adjustment - An adjustment on charges.

BILLING FAQS

Q. Does my bill for wastewater service include a charge to fund the Low-Income Customer Assistance Program?

A. Yes. As part of your sewer charges, each month you pay 45 cents to fund the Low-Income Customer Assistance Program. The Low Income Customer Assistance Program ("LICAP") provides a credit on wastewater service to qualified customers. LICAP also provides qualifying customers assistance with water-saving appliances and repairs. More information about our program can be found at: <https://www.citizensenergygroup.com/My-Account>.

Q. Can I obtain a more detailed list of the charges on my bill?

A. Yes. Upon request, Citizens will provide monthly bills with more detail on specific charges. You can request a detailed bill by contacting a customer service representative at (317) 924-3311 or selecting the option on-line at <https://www.citizensenergygroup.com/My-Account/MyProfile/Billing-Preferences>. There is no additional charge for a detailed bill.

Q. My Account Balance seems too high or low. Could there be a problem?

A. Your total bill is impacted by several factors such as the Previous Balance, Other Activity such as charges or adjustments, and Historical Information. More information is available online at citizensenergygroup.com or by contacting Customer Service.

Q. How does Historical Information help determine if my bill is too high or too low?

A. Monthly gas and water usage can be compared to previous history using the charts to verify current usage is in line with typical usage. Gas consumption is likely to increase with colder weather and water consumption may be impacted by activity such as lawn irrigation or household changes.

Q. Why would my meter reading be estimated? What if my reading was over or under-estimated?

A. Citizens attempts to get actual reads each month, but an estimation may be necessary if we cannot safely access a meter due to weather or obstructions such as landscaping or fences. When estimating bills, Citizens reviews historical usage and considers the weather. The estimated reading will automatically adjust with the next actual reading.

Q. I think I have a water leak – what should I do?

A. Please refer to our website for useful, self-help tips or give us a call before contacting a contractor. It could be something as simple as a running toilet/silent toilet leak or a misread.

Q. Can a deposit be charged to my bill for late payment?

A. Yes. If the account has two (2) disconnect bills in a row or three (3) disconnect bills in a twelve (12) month period a deposit may be charged to the account.
