**Bill Charges Information**

- **Base Charges:** Base water and sewer charges cover fixed costs such as reading and maintaining the meter, account maintenance, mailing bills and processing payments. Base charge for sewer also includes cleaning the sewer system to minimize blockage.
- **Usage Charges:** This volume charge is based on usage and covers variable costs such as chemicals, electric power, facility maintenance, repair of water and wastewater mains and repayment of bonds sold to finance construction of the water and sewer systems.
- **Stormwater Fee:** This fee funds the City's storm water utility, formed in 1991, to meet requirements of a federal mandate to control storm water pollution. It also pays for other routine maintenance activities that affect storm water quality.
