Understanding your bill

Base charge	Energy charge	Energy Delivery Charges
A charge assessed during each billing cycle without regard to the customer's demand or energy consumption	The amount of electricity you used (shown in kWh) times the price you pay per kWh	The total amounts assessed by a Transmission and Distribution Service Provider "TDSP" for the delivery of electricity to a customer over poles and wires and other TDSP facilities not including discretionary charges. These charges are set by the Public Utility Commission of Texas and are charged to every customer, regardless of provider.
